Come to me in Dreams Love. BY SEO. D. PRENTICE.

Come in beautiful dreams, love: Old come to me off, When the light wing of sleep On my hosem the soft; Oh to me when the sea. In the moon's gentle light, Beats low on the ear Like the pulse of the night— When the say and the wave Wear the loveltest him.

When the dew's on the flower And the stars on the dew. Come in beautiful dreams, love,
Ohl come and we'll stray,
Where the whole year is crowned.
With the hissours of May—
Where each around is an awart
As the cop of the Act in As the coo of the dove,
And the gales are as soft
As the breathing of love;
Where the brains hire the wave,
And the waves him to beach,
And our warm the may eaten
The sweet lessons they teach.

Come in beautiful dreams, tovo,
Ohl come and we'lt fly
Like two winged spirits
Of love through the sky;
With sand chapped in hand
On our dream wings we'll go.
Where the startight and monalight
Are blending their glow;
And on highly clouds we'll linger
Of purple and gold,
Till love's angels envy
The bliss thry behold.
